Town Highlights For 2000-2001

This will be the most exciting year in the history of our Town! At no time since incorporation has so much construction been underway. The Community Center complex, including the Community Center itself and the Library/Museum building, will be completed. Fountain Park will undergo an exciting metamorphosis with two ramadas, connecting sidewalks, a modern rest room building, and a new lake liner. Major construction and modifications are taking place for Golden Eagle Park Dam.

The Maricopa County Department of Transportation will begin the Shea Boulevard widening project and the Arizona Department of Transportation will construct Shea Boulevard bike lanes. Necessary street resurfacing will also take place on eastern and central roads in Fountain Hills. Slurry seal has been planned to coat approximately sixteen miles of Town streets and microsurfacing on five miles. Asphalt overlay, street reconstruction, and curb replacements are designated for this fiscal year.

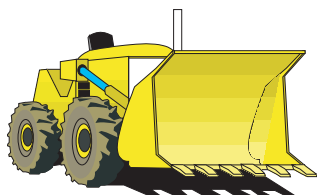

For The Future...

The Fountain Hills Town Council, the Community, and Town Staff will surely be guided by a strong sense of the historical precedents set by this year's events.

Town Hall will have some needed changes thanks to the additional space made available with

MCO Properties' departure in April. All administrative operations as well as the Mayor and Town Council will move into Building A. This move allows Building Safety, Community Development, and the Engineering Departments to reorganize their respective work spaces in Building C.

Recently Fountain Hills was awarded a bond rating of "Aa3" by Moody's Investors Service. This rating is higher than any of Arizona's comparably sized communities and puts Fountain Hills in the same league with the largest municipalities. For example, the City of Tucson also has an "Aa3" bond rating. The Town is very proud of its impressive new bond rating.

ADOPT-A-STREET UPDATE: June 2000

The Adopt-a-Street Program is thriving in the Town of Fountain Hills, with 45 residential and 60 commercial participants. These individuals and groups do an excellent job of reducing litter on many residential streets, as well as some of the busier routes in and around the Town.

While the efforts of both types of volunteers are greatly appreciated, the commercial

Adopt-A-Street Town Staff from left to right: Judy Hentrich, Pat Harvey and Jane Robinson

program has reached a saturation point, necessitating the compilation of a waiting list for businesses and groups wishing to become involved. However, there are quite a few residential streets still available for adoption in our Town and the current Committee is looking for

additional volunteers in the residential program to help "Keep Fountain Hills Beautiful in the 21st Century". The Committee is aware that many residents, as a matter of practice, pick up litter in their neighborhoods or along their regular walking route. While we greatly appreciate these good citizens, we would like them to be "officially" recognized by formally adding their names to the roles of the Adopt-

A-Street residential participants. This also notifies the Committee of which residential streets are regularly being monitored.

Requirements for adopting residential streets are as follows:

Residents agree to adopt a residential street(s) for a one-year period, with renewal option at the end of that period. Volunteers pick up the litter along the street once a month, a total of 12 pickups during the year. Twelve "adopt-a-street" bags are given to the volunteers and the filled bags are disposed of in the individuals' own trash receptacles. Residential volunteers are encouraged to "adopt" their own street, if someone else has not already done so.

The current Committee members: Wally Hudson, Jack Bercel, Carol Ellithorpe, Susan Mackie, Richard Stephens, Ed Stizza and Pat Harvey are planning to honor those residents who have been working with the residential program since its inception. Certificates of recognition will be awarded to those loyal and hard-working supporters at a Town Council Meeting to be held on Thursday, August 3, 2000, at 6:30 P.M. in the Council Chambers in Building B of the Town Hall Complex.

For further information about the "Adopt-a-Street" program in the Town of Fountain Hills, or to receive an application, contact Town Hall at 837-2003 or 16836 E. Palisades Blvd., Bldg C.

Reminder on Emergency Vehicle Safety...

The Fountain Hills Fire Department reminds us all that when an emergency vehicle is called to an emergency it's important to respond quickly and safely. If you are driving down the road and see the lights and hear sirens of an emergency vehicle in your rearview mirror, **MOVE TO THE RIGHT** and stop to allow emergency vehicles to move easily down the road. Once the emergency vehicles have passed, it's safe to begin driving.

Fire Lanes Stay Out of the Way. When there is a fire or other emergency, fire and emergency medical vehicles need to have proper access. It's important for emergency vehicles, with needed supplies and equipment, to be as close to the building as possible. This can reduce the time it takes to get aid to those in need. The painted curbs and signs are a way of reminding all of us not to leave vehicles unattended in a fire lane. Fountain Hills Fire Department encourages everyone to do their part to keep the fire lanes clear.

Historical decisions may be made this fiscal year concerning the future of the McDowell Mountains. The Town Council has established open space preservation as a priority and designated \$1,000,000 for this purpose last fiscal year. An additional \$500,000 is recommended to be added to the preservation savings account this year. A \$6 million general obligation bond, approved by electors, was also designated to support this purchase.

The Town looks forward to another very successful and exciting year! For the future, Fountain Hills Town Council, the Community, and Town staff will certainly be guided by a strong sense of the historical precedents set by this year's events.

Photo Contest

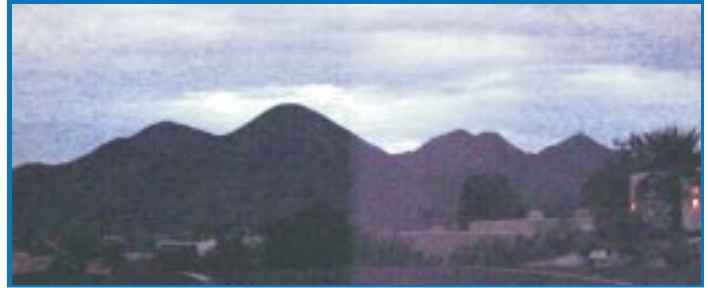

There is still plenty of time to win a \$25.00 gift certificate for the best photo of the month. Plus, your winning photo will be displayed on the Town's website during the next month.

Contest Rules:

1. Photograph must be an original taken by the person submitting it.
2. Only one photo may be submitted each month.
3. Minimum size is 4"x6" (maximum size is 8"x10").
4. Include your name, address, phone number, and age (if 18 or younger with your submission).
5. Submit your photo by the 20th of each month to:

Karen Holloway
McDowell Mountain
Preservation Commission
Town of Fountain Hills
Post Office Box 17958
Fountain Hills, AZ 85269
Or deliver to Town Hall
at 16836 E. Palisades Blvd.,
Building "C"

Members of the MMPC are not eligible to participate.

McDowell Mountains

The contest picks a winner for every month from June to October. Then there will be a Grand Prize from among the monthly winners as part of the McDowell Mountain Month celebration.

The McDowell Mountain Preservation Commission is sponsoring this contest to increase awareness of the beauty and uniqueness of the open space and mountains that surround our town.

If the fire restrictions are still in place for access to the higher mountain land, use your camera in the washes or capture an early sunrise or brilliant sunset over the McDowells.

Voting Early For The September 12th Election

On Tuesday, September 12, Fountain Hills voters will go to the polls to decide the future of Referendum 2000-R01. Also known as Proposition 405, this referendum refers the rezoning of the proposed Shea Retail Center from light industrial to intermediate commercial to a vote of the people.

Due to the large number of jurisdictional elections on September 12, Fountain Hills is serving as a County satellite voting location for all Maricopa County electors.

All voters interested in voting early in person should go to the Fountain Hills Town Hall located at 16836 Palisades Boulevard, Building A, east entrance. Early voting begins August 15 and continues through September 8 for those wishing to vote in person. Hours of operation for this satellite voting location are as follows:

Mon. - Fri. 10:00 AM to 4:00 PM
Sat., August 26 10:00 AM to 4:00 PM
Sat., September 2 10:00 PM to 4:00 PM

Safety: A State of Mind

A word from the Marshals Department....

The **10** RULES to safety in and around water

1. **Never** allow children or inexperienced swimmers to use the pool without proper supervision.
2. **Install** a fence around the pool with a self-latching lock to prevent children from entering without proper supervision. And most importantly, Keep All Pool Accesses Locked.
3. **Require** children and inexperienced swimmers to wear an approved life vest.
4. **Learn** CPR and keep life saving equipment near the pool.
5. **Never** swim any time with a cover on the water surface. A partially covered pool is a very dangerous pool.
6. **Never** swim alone.
7. **Be careful** of alcohol use around the pool.
8. **Make sure** that ground fault breakers protect all electrical devices.
9. **Check** the chemical levels before swimming.
10. **Keep** all chemicals out of reach of children.

Swimming pool season is upon us and it's important to remember that although a pool can be a great source of enjoyment, it can also be a source of deep regret if proper safety precautions are not taken. This summer we will look at some of the most important pool safety ideas.

Drowning is the "Silent Killer". There is often no cry for help and very little sound of splashing. Teaching your child to swim can be a fun activity, but can develop a false sense of security in the parents' mind. Just because a child knows how to swim does not mean he can save his own life if left alone in the water. Statistically, the most common drowning victim is a 2-year old that is last seen in a "safe area" far from the pool's edge.

Every year about 43,000 people are injured in and around swimming pools and more than 600 people drown in home or public pools. More than half of the fatalities occur in yards of single-family homes.

In addition to using caution and good sense, parents should supervise all pool activities. Never leave children unsupervised, even for just a few seconds.

Vote

Voters can also vote early by mail from August 10 until September 1. Early ballot request cards are available at Town Hall, 16836 East Palisades Boulevard, Building A, east entrance. Voters can also call the County at 602-506-1511 or access the

County website to request an early ballot. In order to be eligible to vote in the September election, citizens must be registered no later than August 14. Voter registration forms are available at Town Hall and the Library.

911

Know When to Make the Call!

It's important that everyone in your home knows that 911 is the number to call for emergency help. An emergency is anytime you or somebody else needs help from police, fire, or emergency medical personnel.

When you call, you need to know what to expect. When you call 911 the first person you talk to is a police dispatcher. She will ask what type of emergency you are having. If you need fire or medical help, you will be connected with a Fire Department dispatcher who will begin by asking you several questions. You will be asked your address,

phone number, and nature of emergency. Try to remain calm and answer the dispatcher's questions in the order they are asked. While you are answering questions, emergency units are responding to your location. Be sure to stay on the line and do not hang up until told to do so unless there is a threat to your safety requiring you to leave.

Talk with your children about what an emergency is and how to call 911. Post your address and phone number by your phone. In an emergency it can be surprising what information can be forgotten.

Community Center Breaks Ground

On June 2, 2000, approximately 150 people joined together on the site of the new community center complex to witness a twenty-year-old dream become a reality. Ever since the developer deeded acreage to the unincorporated community in 1980 for a future facility site, the Fountain Hills Civic Association has been compiling wish lists using surveys and Town Hall meetings to determine what citizens would like to see on the new community center site. Many of the top priorities, including meeting rooms, craft rooms, kitchen, banquet rooms, and library, have survived the twenty year planning process and will soon take physical form on the La Montana site.

Since incorporating in 1989, all Town Councils have shared the long-time community dream, and supported the development of a new community center, by consistently identifying the facility as one of the top four priorities for budgetary consideration. This ongoing support was depicted at the groundbreaking ceremony through the joint participation of first Mayor John Cutillo, former Mayor Jerry Miles and current Mayor Sharon Morgan. Each Mayor shared a few words thanking the many individuals and groups that have worked so diligently throughout the years to bring the project to fruition. Mayor Morgan concluded the remarks by recognizing the Community Center Advisory Commission led by Walt Franklin and the Library Museum Advisory Commission jointly led by Alan Cruikshank and Jerry Miles for their endless hours of research, discussion, planning and designing to turn the dream into "brick and mortar" reality.

From left to right: Past Mayor Jerry Miles, Past Mayor John Cutillo & Current Mayor Sharon Morgan.

The community center complex, consisting of the 31,000 square foot community center and the 21,000 square foot library/museum, will be completed in the spring of 2001. While funding for the construction of both buildings is already established, the Civic Association continues to support the project through fund raising efforts for interior enhancements and public art. Donor information is available at the Community Center, 11445 North Saguaro Blvd., 837-9306.

Mayor's Youth Council

Join the most dynamic group in Town! This program, offered to Fountain Hills' students in grades 9-12, gives an opportunity for students to voice their concerns about the community and express their needs.
